1470 VICTOR

Dining table of natural stone
Design Wolfgang C. R. Mezger 2017/2019

VICTOR – a monumental banquet table of natural stone. The 4,5 cm thick tabletop is constructed as a stone frame box and gives the top a compact and impressive look. The combination of the materials stone and metal in black steel optics creates an interesting contrast between the top and the industrial look of the H-beams base.

The legendary stone park offers 150 different types of natural stone from all over the world. The customer selects his slab and determines the cutout from which a unique DRAENERT piece of furniture is made.
