1540 TRILOPE CONFERENCE

Conference table

Design Wolfgang C. R. Mezger 2017

A meeting table made of wood or one of the over 150 varieties of natural stone in stock. Functionality and clear design for meetings are ideally combined here with a homely and representative ambience. The two-part base consists of three strikingly profiled solid wood parts, which are tangentially connected to each other and thus not only offer a fascinating appearance, but also achieve maximum stability. The base and table top here enter into a perfect aesthetic union and thus appear like a captivating and compelling sculpture in the room.

FURTHER INFORMATION: e.g. dimensions and material variants see "data sheet"
