1377 BLOW

Side table

Design Stephan Veit 2016

The BLOW side table combines two materials perfectly: stone and glass. The pedestal made of natural stone grounds the table and is the ideal counterpart to the tabletop, made of hand-blown glass manufactured in a complex process. This exciting contrast between the tabletop and the table base creates a particular style element. The glass body offers exciting vistas.

FURTHER INFORMATION: e.g. dimensions and material variants see "data sheet"
