1515-III TADAO

Dining table of natural stone
Design Patric Draenert 2018

Hospitality has a name: TADAO. This round dining table of natural stone has a rotatable inner plate. The cone shaped base, which is covered with leather, lacquered or color coated to match the table, can easily carry large diameters. The TADAO achieves a certain lightness with the optional decorative stone ring at the base.

The legendary stone park offers 150 different types of natural stone from all over the world. The customer selects his slab and determines the cutout from which a unique DRAENERT piece of furniture is made.
