

DEXTER CROSS BASE

Model No. 2059.1

DESIGN GINO CAROLLO

Mirror, mirror on the wall, who is the fairest of them all? The DEXTER family has added a new member: the rotatable cross base made of die-cast aluminum. The optional return mechanism of the cross base perfects its function. Thanks to the use of four different types of fabric collections, there are now even more design options, leather and fabric combined or completely in one material.

Model type	Frame	Size
	aluminum cross base coated black with PVC glides (standard) or felt glides	W - D - H approx. in cm
