1280-II ATLAS MAGNUM

Dining table of stone or natural wood with or without extension mechanism
Design George Appeltshauser 2018

The extendable dining table ATLAS of natural stone or natural wood is also available in the Magnum version (extendable up to 360 cm). Because of the patented extension mechanism, the symmetry of top and base is always given, whether the leaf is extended or swivelled in. The base with angled side walls in aluminium are available in various surface finishes.

egendary stone park offers 150 different types of natural stone from all over the world. The customer selects his slab and determines the cutout from which a unique DRAENERT piece of furniture is made. Patented technology makes enlarging child's play.

FURTHER INFORMATION: e.g. dimensions and material variants see "data sheet"
