1390 LOTUS

Coffee table ensemble of natural stone
Design Gino Carollo 2024

The LOTUS coffee table ensemble brings horizontal and vertical lines together in an exciting way and combines the two materials natural stone and wood in a masterful way. The pebble-shaped table top made of natural stone ends in the slim edge, which makes LOTUS appear lighter and more elegant. The base made of solid oak grounds the coffee table and, thanks to the arrangement of the legs, forms a dynamic counterpart to the top.

FURTHER INFORMATION: e.g. dimensions and material variants see "data sheet".
