1365 QBIC

Side table

Design Patric Draenert 2014

Pure symmetry – comfortably designed. The QBIC combines fine craftsmanship with a timeless design. It appears like a solid stone sculpture. The edges of this cube are perfectly crafted – box frame construction mitered, glued, sanded, and brushed to a leathered finish. Due to the natural veining of the stone, the stringent side table obtains its attractive playfulness. The recessed rollers allow effortless moving to the desired position.
