1224-II ADLER

Dining table of natural stone with or without extension mechanism
Design Peter Draenert 1995

The dining table ADLER with stone top and its innovative extension mechanism has set benchmarks on the market. In the course of the years, a complete table system has evolved which is highly customizable. Due to its clear design language and its masterful technique, the ADLER represents an important part of the DRAENERT manufactory DNA. A dining table that perfectly combines shape & function and, for more than 25 years a classic, it has fascinated customers all over the world.

The legendary stone park offers 150 different types of natural stone from all over the world. The customer selects his slab and determines the cutout from which a unique DRAENERT piece of furniture is made. Patented technology makes enlarging child's play.
