1470 VICTOR

Dining table of solid wood
Design Wolfgang C. R. Mezger 2017/2019

VICTOR – an archaic-looking sculpture of a table, coarse – soft, brute – delicate, demanding and giving ... These are no contradictions, but united in a unique table design. The earthy top of solid wood gives the table a rustic and natural appearance. The industrial-design frame in the form of H-beams is connected with a rectangular base plate. These features provide immediately an impressive statement.
