F3-STERNENSESSEL

Armchair

Design Norbert Berhof, Michael Landes, Wolfgang Rang 1986

The Sternensessel F3 ("Star armchair") is purely a mini architectural piece in which many typical architectural forms can be observed such as the conical and spherical formed Egyptian-style fixture of the arm rests, the thickened and gold-metallic base areas of the chair legs and the engraved mid and end pieces of the side legs which are designed like pillars. The star-shaped inlay work on the outer side of the chair body emphasizes the illusionary, dreamlike poetic moment of the post-modern movement. The chair is limited to 100 and each armchair is dated and numbered.

Star armchair F3 was included in the following museums:

- Metropolitan Museum of Art, New York, 1987
- Museum für angewandte Kunst, Köln, 1987
- Stiftung Haus der Geschichte der BRD, Bonn, 1990
- Landesmuseum, Stuttgart, 1994
